

## A Parent’s Guide to English Learner Programs

Developed in Collaboration with the Nebraska Title III Professional Learning Cadre & South Dakota EL Advisory Work Group and Wyoming Department of Education

This infographic was developed as a resource to be shared with parents and other stakeholders to help illustrate how English learners are identified for services to support English language learning. In addition to the flow-chart graphic, the resource identifies some possible questions parents may have about a school’s EL program. It is intended to be used in-person as a set of illustrative talking points. School staff should become familiar with the questions that parents may ask regarding services.

*Note: This resource does not replace the required parent notification about EL program participation.*
